## The following voluntary benefits will be offered:

**Dental Insurance** Our dental plan covers a wide range of treatments, from routine cleanings to root canals and pays benefits based on a defined co-insurance percentage. Employees have the freedom to choose any dentist, and by seeing an in-network dentist they can even reduce their out-of-pocket costs.

**Accident Insurance** Accidents are usually followed by a series of out of pocket costs, such as copays, deductibles, and other non-medical related expenses. If you or a covered family member suffers any kind of accidental injury (on or off job injuries, car accident, slip and fall, sports-related injury, etc.), Colonial pays cash benefits to you to help minimize the financial disruption. A schedule of benefits is payable for items such as ER visits, fractures, dislocations, hospitalization, & follow-up care. Benefits are paid directly to you, regardless of any other coverage they may have.

**Medical Bridge Insurance** Helps offset unexpected medical expenses, such as deductibles and co-payments, that can result from a hospital admission, confinement, and diagnostic procedures.

**Critical Illness & Cancer Insurance** This policy provides you and your family additional financial protection and security during the lengthy, expensive recovery period of a serious illness. This policy provides a lump-sum cash benefit upon diagnosis, and you select your desired coverage to help cover out-of-pocket expenses (medical bills, nursing care, travel, missed work, etc.) Several major illnesses are covered: Cancer, Heart Attack, Stroke, Organ or Kidney Failure, Paralysis, Blindness, Coma, etc.)

**Complimentary benefits provided to you when you meet with a benefit counselor!**

**FREE WellCard Membership** - provides discounts on health and wellness services. It could save you money on doctor office visits, prescription drugs and more. Visit [www.WellCardSavings.com](http://www.WellCardSavings.com) for more information!
