

PROUDLY SERVING THE ENTIRE CALIFORNIA FIRE SERVICE SINCE 1922

2022 Retiree Issues Committee Year End Report

Retiree Issues Committee

Steven Slagle Chair (interim)

Rick Guerrero, Arron Miles, Ernie Moreno, Dave Hubert

Jon Breedan – Board Liaison

Keith Farrell resigned as Committee Chair. Steven Slagle was appointed as Interim Chair by President Sell. The committee has been actively engaged in improving and maintaining the CSFA retiree benefits for the membership. The approach started with updating the retiree portion of the website. Much has improved; however, much work still needs to be done.

Since a new website is being built, and a restructure of committees is being proposed, some of the ideas and implementation with progressing forward will coincide with this. The committee will work hand in hand with CSFA staff and the Board as these changes occur.

Some of the ideas and goals of the committee are to develop a state-of-the-art communication and information resource for all CSFA members to have a trusted and reliable source for all issues that relate to retirement, pre and post.

Retirement starts the first day on the job. And for some it could happen as soon as the second day on the job. Disability retirement is an unfortunate component to our trade. The committee wants CSFA to be a leading organization in educating all firefighters in all phases of retirement.

It is important that financial planning and insurance needs are a key component in preparation for planned or unplanned retirement. The committee wants CSFA to be a trusted and reliable resource in education and information for firefighters to have direction so they can achieve these goals.

The Retiree Issues committee of 2022 in most part is comprised of new committee members. The past committee leaders and membership left a great template for this current committee to work from. It is the goal of this committee to improve, update and most importantly have timely maintenance of our website and the information within it.
