

## CSFA EDUCATION COMMITTEE REPORT

The following is a report of the CSFA Education Committee activities for 2019.

The committee members are Paul Stein, Committee Chair, Phil Davis, Sam Hoffman and Mike Hand.

During the month of January CSFA sponsored a "Fire Service Labor/ Management Relations training program. The class was presented through Rio Hondo College and conducted in Santa Fe Springs. The instructors were me and John Torres from the State Fire Marshal's Office. There were approximately 30 member in attendance representing all ranks in the fire department. The training was a great success and the class critiques were outstanding.

In February Phil Davis, Mike Hand and I attended the "one and done" Firehouse World Conference in Los Angeles. Prior to the end of the conference Phil Davis, me. Gene and Anne developed a list of training activities to be conducted at this year's conference.

In April I attended the Retention & Recruitment Workshop in Sacramento. The training was comprehensive and the instruction was excellent. On the evening of April 29<sup>th</sup> Mike Hand and I attended the CSFA sponsored Legislative Reception.

The committee has been working diligently to promote the concept of professional development and recognition of fire fighters.

I have attended most all of the CSFA Conferences since 1970. This will be my last conference. I will also resign as the Chair of the Education Committee. **It's just time.**

Respectfully Submitted

Paul Stein
